

Privacy Policy for TPARK Application

Contacts

Developer: SC Piconet SRL, Gheorghe Doja street, no.11, Timișoara, Timiș county

Email: contact@tpark.ro

Services

The following data is collected:

1. Data analysis

Provider: **Google Analytics (Google Inc.)**

Personal data (collected data): Cookies and usage data

Details: Google Analytics is a web analytics service provided by Google Inc. Google uses the data collected to track and review the usage of the application, generate reports based on its activity, and share it with other Google services.

Google can use the data collected to contextualize and customize the advertising of its own advertising network.

Integration of Google Analytics keeps your IP address (s) anonymous. It works by shortening the IP addresses of users in EU Member States or other countries of the European Economic Area. Only in exceptional cases will the entire IP address be sent to a Google server and abbreviated to US territory.

2. Contacting the user

Provider: Google Cloud Messaging (Google Inc.)

Details: The application is registered with an identifier to allow the server to send certain application-specific data and display campaign notifications.

Place of data processing: USA

Supplier's Privacy Policy: <https://www.google.com/intl/en/policies/privacy/>

3. In-app purchases

Supplier: PayU

Personal Data (Collected Data): Particular personal data as specified in the privacy policy of the service.

Details: PayU is a payment service provided by Naspers Ltd, which allows users to make online payments with the card.

Place of data processing: Romania

Supplier's Privacy Policy: <https://www.payu.ro/en/terms-and-conditions>

4. Discontinuous geolocation

Personal Data (Collected Data): Geographical Location

Details: The geographic location of the user is determined in a discontinuous manner either at the specific request of the user or when the user does not indicate his current location in the appropriate field and allows the application to automatically detect the position.

If explicit authorization has been provided, the user's location data can be tracked by this application

5. Device identification

Details: The application can track users by storing a unique identifier of their device for analyzing or storing user preferences.

6. Reporting errors

Manufacturer: ACRA

Personal data (collected data): Phone data and application version

Details: ACRA sends emails that contain the application logs during an error.

All these emails are sent to the developer of the application, Piconet SRL only with the authorization and with the direct intervention of the user. Place of processing and storage of these data: Romania.

7. Android Permissions

The application requires the following permissions to work:

Read state and phone identity:

- required to resolve specific errors encountered on a particular phone type in order to improve the application

- needed to check if the device is dual-sim

- required to detect the mobile operator when parking by SMS in Hungary

Send text messages (SMS) / Edit messages (SMS)

- Allows the app to send SMS messages to the parking service or to make certain payments, such as Fetești Bridge Fee or Wallet Payment for Romania.

- Allows the app to store the sent SMS in the Outbox (if the user chooses that option in the settings)

Receiving Text Messages (SMS) / Reading Messages (SMS or MMS)

- Allows the app to detect when a new SMS is received and to process it to check if it comes from the Parking area required to set notifications.

Making phone calls (BIP)

- Allows the app to make phone calls to the parking service

Location approximation (mobile-based / Location-based location (based on GPS and mobile network)

- Allows the app to detect the current user's location and save it as current parking.

- Allows the app to identify the city and area where the car is located to initiate a car park

Full network access / view network connections

- Allows the application to realize the connectivity between it and the API it communicates in order to achieve certain facilities

Run at startup

- Allows the app to schedule certain notifications on the expiration of parking and the setting of 'geofences' to alert the user to the payment of certain charges

8. Other

Mai multe detalii privind colectarea sau prelucrarea datelor cu caracter personal pot fi solicitate de la controlorul de date în orice moment. Consultați informațiile de contact de la începutul acestui document.

Utilizatorii au dreptul, în orice moment, să știe dacă datele lor personale au fost stocate și pot consulta proprietarul datelor pentru a afla despre conținutul și originea lor, pentru a verifica exactitatea acestora sau pentru a le cere să fie completate, anulate, actualizate, corectate,

transformate în date cu caracter anonim sau să blocheze orice date care au fost încălcate de lege, precum și să se opună prelucrării acestora din orice motiv legitim. Solicitățile trebuie trimise dezvoltatorului la datele de contact stabilite mai sus.

Dezvoltatorul își rezervă dreptul de a aduce modificări la această politică de confidențialitate în orice moment prin notificarea utilizatorilor în această pagină. Se recomandă insistent să verificați frecvent această pagină, referindu-vă la data ultimei modificări listate în partea de jos.

Dacă un utilizator obiectează la oricare dintre modificările aduse politicii, acesta trebuie să înceteze utilizarea aplicației și poate solicita ca dezvoltatorul să elimine datele personale. Cu excepția cazului în care se prevede altfel, politica de confidențialitate actuală se aplică tuturor datelor personale pe care dezvoltatorul le deține despre utilizatori.

More details concerning the collection or processing of Personal Data may be requested from the Data Controller at any time. Please see the contact information at the beginning of this document.

Users have the right, at any time, to know whether their Personal Data has been stored and can consult the Data owner to learn about their contents and origin, to verify their accuracy or to ask for them to be supplemented, cancelled, updated or corrected, or for their transformation into anonymous format or to block any data held in violation of the law, as well as to oppose their treatment for any and all legitimate reasons. Requests should be sent to the Data owner at the contact information set out above.

The Data owner reserves the right to make changes to this privacy policy at any time by giving notice to its Users on this page. It is strongly recommended to check this page often, referring to the date of the last modification listed at the bottom.

If a User objects to any of the changes to the Policy, the User must cease using this Application and can request that the Data owner remove the Personal Data. Unless stated otherwise, the then-current privacy policy applies to all Personal Data the Data owner has about Users
